

## **CHARTLET FOR THE DEBEN ENTRANCE 2020** ***PLEASE READ AND TAKE NOTE -***

Imray's second 2020 chartlet for the Deben entrance follows on the next page of this PDF.

It was produced for us in July 2020, purely for illustration purposes to show the buoy positions in place at the moment.

*NO TRINITY HOUSE SURVEY HAS BEEN DONE SINCE MARCH 2019*, so the survey data remains unchanged from 2019 and must not be relied upon.

Consequently, please treat the chartlet as 'interest only'. Trinity House is now very unlikely to survey the entrance again before Spring 2021.

Also show below is an aerial photo of the entrance buoyage.

Depths in Metres

This chart is a free download  
**NOT TO BE USED FOR NAVIGATION**

**Caution**

This chart is not to be used for navigation. It is based on a survey made by Trinity House on 19th March 2019. Users are reminded that depths are subject to constant change and consequently this chart should be used with extreme caution as the situation is likely to be different from the one depicted on the date of the survey.

Neither Trinity House nor the publisher will accept any liability for loss, injury or damage incurred by misuse of the data in this chart. Navigators are advised to seek confirmation of the latest situation before attempting to enter the river from the ECP Honorary Port Pilot John White ☎ 01394 270106 or 07803 476621 (mobile), or call Odd Times on VHF Ch 08.

Soundings in metres at Lowest Astronomical Tide (LAT). Positions are referred to WGS84 datum.

Due to the impact of Covid-19 a full survey of the River Deben Entrance has not been possible. The West Knoll, Knoll Spit and Mid Knoll buoys have been moved to their 2020 positions based upon local knowledge about current conditions.

Although the latest buoy positions are displayed on this chart, the underlying depths are based upon the 2019 survey data. Entrance banks are likely to have shifted quite significantly since the date of that survey.

This chart should therefore only be used as a visual aid to the buoy positions and the transit between them.

Buoy Positions for 2020	
Woodbridge Haven	51°57'·992N 01°23'·628E
West Knoll	51°58'·426N 01°23'·070E
Knoll Spit	51°58'·517N 01°23'·180E
Mid Knoll	51°58'·582N 01°23'·238E
Deben	51°59'·291N 01°23'·522E

2020 VERSION 2

# RIVER DEBEN ENTRANCE

Based on Trinity House survey March 2019
