

CHARTLET FOR THE DEBEN ENTRANCE 2025

PLEASE READ AND TAKE NOTE -

Imray's first 2025 chartlet for the Deben entrance follows on the next page of this PDF.

It was drawn from a Trinity House survey carried out in February 2025. As usual, Imray specifically produced this chartlet solely for 'East Coast Pilot' with the approval of Trinity House. Indeed Trinity House do us all a favour by specially surveying the Deben and Ore entrances each year.

The entrance has changed considerably in the first months of 2026 and skippers should not use the chartlet as the only information for transiting the entrance.

Skippers should seek further advice by calling ECP's local Honorary Port Pilot, and Deben Harbourmaster, John White, either on VHF Ch 08 callsign 'Odd Times', or by phone on 07803 476621.

This situation is likely to remain pending a new Trinity House survey and new chartlet later in the Spring of 2026.

NOT TO BE USED FOR NAVIGATION

Caution
This chart is not to be used for navigation. It is based on a survey made by Trinity House on 28th February 2025. Users are reminded that depths are subject to constant change and consequently this chart should be used with extreme caution as the situation is likely to be different from the one depicted on the date of the survey.

Neither Trinity House nor the publisher will accept any liability for loss, injury or damage incurred by misuse of the data in this chart. Navigators are advised to seek confirmation of the latest situation before attempting to enter the river from the ECP Honorary Port Pilot John White ☎ 01394 270106 or 07803 476621 (mobile), or call *Odd Times* on VHF Ch 08.

Soundings in metres at Lowest Astronomical Tide (LAT). Positions are referred to WGS84 datum.

February 2026 note:

There has been a considerable change in the position of the banks recently.

Skippers should contact the HM (see details left) before attempting any transit of the entrance.
